

## **Installation Engineer - Security**

### **Objective**

You are a motivated, experienced and multi disciplined engineer with extensive knowledge of the security industry covering fault-finding to installation on a range of systems. You will be involved in project work from start through to commission and conducting training on the system to the end user.

To act as an ambassador to position the company's reputation as a leading and respected employer.

### **Responsibilities (are to include the following but are not limited to)**

- Install and commission a range of systems including IDS, ACS and CCTV
- All training provided for any client specific systems
- Be flexible in your approach and will be happy to work overtime as and when required.
- Experience in a range of disciplines and have been responsible for delivering NSI standard services.
- Flexibility to work away from home if required
- To follow Health & Safety procedures set out by the company in order to ensure the safety of you, your colleagues and others. Also, adhere to the Company Health and Safety policy.
- Adhere to company rules and ensure compliance to ISO:9001:2015 & ISO 14001:2004

### **Essential**

- At least 5 years' experience in the security industry
- Proficient in installing from 1<sup>st</sup> fix through to commissioning and handover
- Able to work to industry standards
- Experience with large-scale networked systems
- Experience working with security products
- Strong interpersonal skills, a good telephone manner and a 'can do' attitude
- Full, clean UK driving license

### **Desirable**

- Gallagher
- Lenel
- C-Cure
- CSCS/ECS
- IPAF
- PASMA

### **DISCLAIMER**

The above statements are intended to describe the general nature and level of work being performed by people assigned to this classification. They are not to be construed as an exhaustive list of all responsibilities, duties, and skills required of personnel so classified. All personnel may be required to perform duties outside of their normal responsibilities from time to time, as required.
