

## UK Credit Control Manager

### ENVIRONMENT

The Scutum Group is a leading independent player, which was established in France in 1989 and has gone on to grow successful businesses in Electronic Security, Fire Protection, and International Services. With over 240 M€ of Revenue and 2,100 employees, Scutum is a key global player (France, UK, Germany, North America, and Benelux).

The UK Business Unit (Revenue around £45m) is a critical one for the Group and we currently have a key open position in our Chertsey office, reporting to the UK CFO.

### ROLE

The Credit Control Manager will be responsible for managing the Credit Control department for all Scutum entities in the UK. There are currently ten operational legal entities in the UK.

The role will mainly focus on harmonization of methods used by Credit Controllers in the different entities. Monitoring KPI's such as DSO and over 90 days, and being instrumental in improving the Scutum billing cycle, are also major focus areas.

### RESPONSIBILITIES

- Pilot the Credit Control Team at a UK level
- Lead the improvement of the main KPI's, namely DSO, over 90 days and other standard indicators
- Engage with internal departments (Accounting, Operations, Sales, Management) for proper alignment and decisions to be taken towards clients
- Ensure any known litigation are shared and properly managed with main stakeholders
- Organise correct allocation of all amounts received in Scutum's books

## **JOB PROFILE**
